ELIGIBLE ENTITIES

- 501(c)(3) organizations
- Educational organizations
- Community Development
 - Financial Institutions
- Tribes and their
 - instrumentalities

To ensure accountability and timely reporting, existing grantees who are not in compliance, such as those behind on quarterly, annual, and final reporting and updates relating to past grant awards and projects, will be ineligible to apply for 2024 funding.

 We also commit to working closely with each grantee who needs help bringing their existing projects into compliance.

NAAF encourages start-up nonprofit organizations that have applied for 501(c)(3) status from the IRS but not yet received a favorable determination to apply through a fiscal sponsor who can also provide important technical support for proposed project activities.

If fiscal sponsors are used, the fiscal sponsor must be an eligible 501(c)(3) organization and should follow the guidance in NAAF's fiscal sponsor information.

Note: The relationship between grantees and the fiscal sponsor is not managed by NAAF and are the sole responsibility of the grantee.

INSTRUMENTALITIES

Instrumentalities of tribes (state or federally recognized) can mean any number of things. Tribal governments have the latitude to determine which entities are instrumentalities of their governments; NAAF only needs proper documentation of that status. if an organization wishes to be considered as an instrumentality of a Tribal government, the organization must secure and submit an authorizing document from their tribal government to that specific effect. a statement from an organization other than a tribal government will not suffice for this purpose.

IMPORTANT REMINDERS

SOVEREIGN IMMUNITY WAIVER

Native American Agriculture Fund (NAAF) is a private charitable trust created by the 2010 settlement of the Keepseagle v. Vilsack class-action lawsuit. The final settlement agreement provided for the distribution of grants to federal and state recognized Tribal governments and their instrumentalities. NAAF recognizes that Tribes are immune from suit or action as a sovereign government and that sovereign immunity is vital to the functioning of Tribes, and all of its subdivisions and subordinate bodies. The waiver of a Tribe's immunity from suit or action is occasionally required when entering into certain transactions.

SOVEREIGN IMMUNITY WAIVER

The court-approved Trust Agreement that created NAAF contains a provision that requires Tribal governments to provide a limited waiver of sovereignty immunity in order to receive NAAF grant funding. The reason for this requirement stems from NAAF serving as a fiduciary of the trust funds with a duty to protect its funds from fraud or gross mismanagement.

For grant purposes, acceptable waivers of Tribal sovereign immunity are limited to the amount of the NAAF grant and to the duration of the grant relationship.

SOVEREIGN IMMUNITY WAIVER

If a Tribe or Tribal entity wants to accept NAAF grant funding, it must work with the Tribe's legal counsel to adopt a waiver of sovereign immunity related to NAAF AND a resolution for the Tribal governing body.

- Tribal governments and instrumentalities must provide waivers and resolutions within three (3) months of receiving the NAAF grant award.
- Failure to submit an executed waiver and accompanying resolution in a timely manner will result in forfeiture of any award amount.
- Both documents can be pre-approved by NAAF to expedite the effort. Getting your documents pre-approved will save time during the application and postaward period.
